LED LEGEND DOWN LIGHT INSTRUCTION
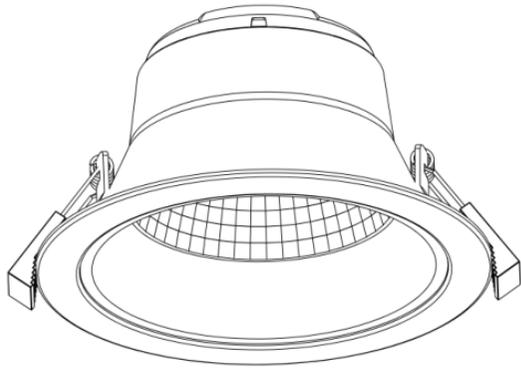

Description：

It adopts high brightness high quality LED as luminous body with low-voltage constant current driver, low power consumption, long lifespan, reliability and safety. The housing, which is elegant and stylish, is made of high-purity aluminum with spraying coating. Good thermal management ensures stable working of LED, and controls light attenuation effectively.

Perfect optical design ensures soft and even light. Instant lighting, no flickering, no glaring. Free of lead, mercury and other harmful substances. This product is widely used in shopping mall, hotel, restaurant and etc.

The color temperature could be preset in advance.
